Map Location: _____ Account Number: _____

I _____, have requested that the water service be turned off at the service address:
_____. I understand that in order to maintain the water membership for
location, minimum payments need to be made every month whether water is used or not.

At this time, I have chosen not to make these monthly minimum payments.

In accordance with board policy, membership in Minnehaha Community Water, Corp. is terminated one year from the date of delinquency of payment on the respective water hookup.

I understand that if I allow the membership rights to terminate and service at this location is desired at a future date, a new application, along with the membership fee in effect at that time, must be made. The hookup will be approved and reconnected if capacity exists on the line at that time.
